## The 17<sup>th</sup> Iranian Conference on Biomedical Engineering (ICBME) Isfahan University of Medical Sciences

This is a forum for professional engineers, scientists and academics engaged in research and development to convene and present their latest scholarly work in biomedical engineering. It will also provide engineers with an opportunity to interact and share their experiences in industry and technology applications. Researchers, engineers, educators, and students are invited to submit papers on any aspect of biomedical engineering including the following areas:

- Bioelectronics
- Medical Informatics
- Computers in Medicine
- Bioinformatics
- Biomaterials
- Biophysics
- Biomechanics
- Medical Physics
- Biosignals
- Medical Imaging
- Health Technology Assessment
- Bio-nanotechnology

All submitted papers will be peer reviewed and the accepted and presented papers will be included in the conference proceedings. The presentation will be in the form of oral or poster. The conference includes presentations, scientific committee meetings and professional workshops. It is requested that full paper submissions not exceeding 4 pages in "pdf" format. It is expected that sufficient technical details will be presented in the paper. Authors should follow the IEEE paper style to prepare the manuscripts. The accepted papers will be indexed in **IEEE Xplore**.
